

# Bon voyage!

Travelling outside of Canada for business or for pleasure? Your travel may include required immunization against certain vaccine-preventable diseases before you leave.

Getting immunized – and staying up to date with your immunizations – is just as important at home in Canada!

[immunize.ca](http://immunize.ca)

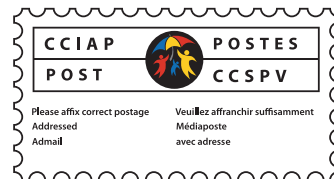

A message from  
the Canadian Coalition for Immunization  
Awareness & Promotion (CCIAP)

*Talk to your physician, pharmacist, nurse, or  
public health office for more information on  
immunizations for you and your family.*

**Travel Immunization Record  
Adult Immunization Record  
"Do I need any immunizations today?"  
List of local public health offices (authorities)**
