

PARTICIPANTS NEEDED!

We are interested in understanding how our brief report, **Searching for the answers: Parents Want Clear Facts About HPV Vaccination** influences your practice.

[READ NOW](#)

Participants will receive a \$100 gift card for participating in the focus group.

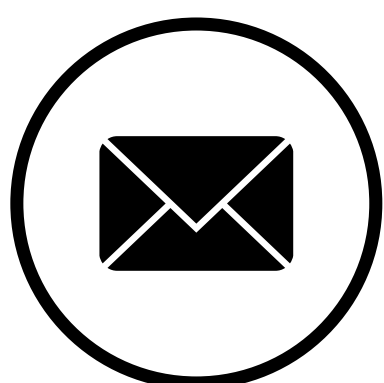

We are recruiting healthcare professionals who:

- live in Canada
- work for a public health unit/authority,
- can communicate fluently in English.

Upon obtaining eligibility, you will be invited to:

1. review the report prior to attending focus group
2. participate in a virtual focus group (approx. 50 min.)

If you are interested, please contact:

- Dr. Mylène Tantchou Dipankui, Research Coordinator (mtantcho@uoguelph.ca)
- Dr. Benjamin Giguère, Principal Investigator (bgiguere@uoguelph.ca)

*Your participation in this study could potentially shape the future of HPV vaccination promotion and education in Canada. Funding for this research project has been made possible by an unrestricted educational grant from **Merck Canada Inc.** This project has been reviewed by the **Research Ethics Board of the University of Guelph** for compliance with federal guidelines for research involving human participants (REB #24-08-004).*
