

The background of the entire page is decorated with several purple, spherical virus particles of varying sizes. These particles have a textured surface composed of smaller, rounded protrusions, resembling a cluster of grapes or a complex molecular structure. They are scattered across the white background, with some appearing in the corners and others more centrally.

HPV: A VIRUS WE ALL CAN BEAT

#AskAboutHPV

HPV is a virus that
can cause cancer. Protect
yourself and your loved ones.
