

IT'S MORE  
IMPORTANT  
THAN EVER  
TO REDUCE  
THE SPREAD  
OF FLU

People with **chronic lung disease** such as **asthma** and **COPD** are at risk of influenza and serious complications related to influenza.

### **LET'S DO OUR PART.**

If you or someone in your care has a chronic lung disease, talk to your doctor, nurse, pharmacist or local public health office about getting the flu shot.
