

Sign up today to receive 500 free flu vaccination bookings and for a limited time medical clinics onboard at no cost.

Contact us at Team@MyVaccines.ca

MyVaccines.ca, formerly MyFlushot.ca, was piloted in Ontario during the 2020-2021 influenza season.

Ryan Doherty and his EMPOWER Health Team have been **exemplary** since we contracted them to create an appointment system for our COVID-19 vaccinations pilot project. They listened to our needs, custom-tailored the program to meet our requirements, and have provided 24/7 support to our whole staff. As the government supply and instruction changed daily, we reached out with new requests, arising issues, concerns, and advice on managing our booking system. Their Team responded promptly and patiently, and continue to do so as the program and our needs evolve. Their online appointment booking software is dependable, easy to learn, and administer. Most importantly, their client service and support is **stellar**.
